M - P A C T

Math Partnership with Communities and Teachers
(Brought to you by the UC Davis math department)

At M-PACT, we believe math is

empowering
beautiful
mysterious
playful

Come get your hands dirty in math with us and you’ll see what we mean. No math knowledge beyond basic primary school math assumed.

What we are:
• A place to discover new math
• A place to solidify critical thinking skills
• A place to make friends and solve problems together

What we are not:
• A tutoring service

When/Where: Thursdays, 3 - 4 PM in room 16
